About Company:

Established in 1966 Uttam Chemicals has gained immense expertise in supplying Transparent white, golden and brown laundry soap etc.

Our other venture is Unitech Chemoils, in which we manufacture bathing soap.

Unitech Chemoils is a manufacturing unit located in Bathinda, Punjab, and is one of the leading sellers of household products. We deal in various Beauty Soaps and White Laundry Soap. A good quality product that is a daily need for every household.

Quality Control & Assurance

Our manufacturing unit is one of its kind that give assurance of same product quality in each & every batch.

Our manufacturing unit is monitored by multiple quality checks and processes. Our dedicated team who continuously work on improving the efficiency, benefits and quality of soaps.

We are an ISO 9001: 2015 approved organisation that maintains the highest level of technological laboratories for delivering the best quality product.
